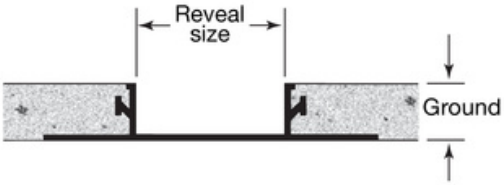
10' (3 m) Lengths



Removable caps and connector clips available upon request [on all except 1/4" (6 mm), 3" (76 mm) and 4" (102 mm) ground reveal series]. Please check with customer service for price and delivery information.

We recommend Plastic Components' trims and accessories on all projects using the ULTRA-TRAC® system.

Application:

Designed for aesthetic use only. Can be used to form patterns and reliefs in walls. Should not be used as an expansion joint. Excellent paint adhesion. "Eyebrows" assure positive keying of the stucco to the reveal leg. Optional connector clips can be used for alignment and as a caulk base for uneven surfaces.

Specification:

Plaster Reveals will be Plastic Components, Inc. #_____. All exterior accessories shall conform to ASTM standards D1784, C1063 and D4216. All products shall be third party tested to meet ASTM standard D4216 and be Canadian Code Compliant. They shall be used where specified by the architect and installed per industry standards.
