VENTS

**Installation Instructions**
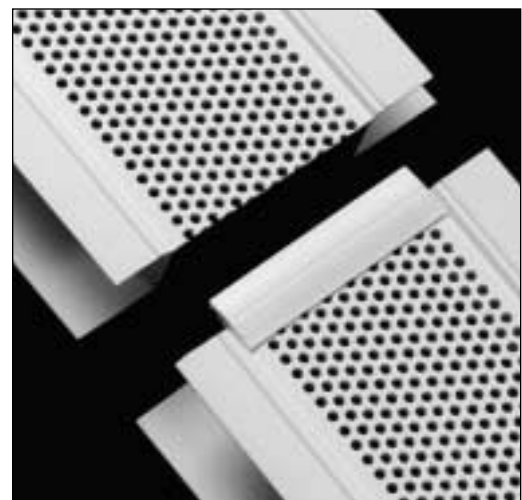

548

Connector clip

To install

1 Install one side of vent on sheathing board, with striated (ridged) side facing out (see detail 3).

2 Insert EPS board into flange.

3 Detail showing striations (ridges).

4 Install base and mesh **over** flanges per industry standards.

Other notes

Vent comes in 10' (3 m) lengths for continuous application. Use supplied connector clips to join pieces together.
