10' (3 m) Lengths

Application:

A 3-1/2" (89 mm) wide flange head flashing for windows or doors. Positive angled to move any incidental moisture away from structure. Nailing flange is pre-slotted to reduce labor when an arched condition exists.

Specification:

Window/Door Drip Edge will be Plastic Components, Inc. #_____. All exterior accessories shall meet ASTM standards D1784, C1063, C1861 and D4216, shall be third party tested and Canadian Code compliant. They shall be used where specified by the design authority and installed per industry standards.
