## H Trim

Product Number	Description	Pieces per Box
<b>2232-38</b>	For 3/8" (10 mm) Cement Board Systems	50
<b>2232-50</b>	For 1/2" (13 mm) Cement Board Systems	50
<b>2232-516</b>	For 5/16" (8 mm) Cement Board Systems	50

### Application:

H Trim was designed to conceal vertical joints and provide a superior appearance over caulk.

Fiber cement board trims provide a rust-free finish, superior moisture management and protection and can be used with 5/16" to 1/2" board. These products provide a cleaner job and a better finish.
